Signature RPGA #

Thinaun: This character successfully returned missing miners to the Material Plane, and they brought some thinaun ore with them. You have access to buy any one weapon of thinaun. Your thinaun weapon can be enchanted to +1 by paying an extra 2,000 gp when it is purchased.

Jherik the Erinyes: This character owes Jherik the erinyes a favor in the future. Jherik does not seem to be as evil as some of his kin—he's actually quite friendly—but you have a deal with a devil all the same.

Firelord's Band: the reddish-silver magic ring you found has an ancient power, nearly faded to nothing. Sometime during your recent planar travels it has activated, and you aren't certain why. At any time in the future, you may pay 16,000 gp to upgrade the ring to a *major ring of fire resistance*. At any time after that, you may pay 172,000 gp to upgrade the ring to a *ring of elemental command (fire)*.

Cross this off if you did not purchase the *minor ring of fire resistance* from *COR4-02 The Stone Man's Puzzle* before playing this adventure.

Rod of Earthen Allies: This bulky rocky rod is made of hard, red-brown stone. It strikes as a *+1 greatclub*, and once per day allows the user to utter a single word (as a standard action) to summon a Medium earth elemental, earth mephit, or minor xorn as from a *lesser planar ally* spell. The bearer of the rod is treated with great respect by the summoned creature; although the user must still bargain for services normally (payable in gems), the earth creature always halves the final payment as though the task were strongly aligned with the creature's ethos.

Moderate conjuration; Prerequisites: Craft Rod, creator must have the earth subtype; Market Price: 37,380 gp; Weight 16 lbs.; Frequency: Any.
