

Erratum for PAL5-07 *Troll Winter* AR

This erratum concerns the following favor on the Adventure Record for PAL5-07 *Troll Winter*:

"Arms of Vengeance: For avenging the death of Tristan Spencer, Dorjan Oldrich has agreed to have forged for you any single magical weapon, armor, or shield of 9000 gp or less from Tables 7-2, 7-5, 7-6, 7-9, 7-14, or 7-15 of the *Dungeon Master's Guide*. No non-Core materials (such as mithral or adamantite) are allowed. ..."

The limit of 9000 gp for this use of the favor does **not** include the cost of the masterwork item. Therefore, +3 armor and shields are allowed -- even +3 *full plate* (10,650 gp). This was the intent of the author (Donovan Hicks), and the current Pale Triad has approved this erratum.
