

Fantasy 4E Customizable Core Classes

[MINI027]

PRINTING

- Disposable Heroes PDF files may be printed as much as required for personal use only. The files may also be duplicated only for the purpose of data back-up. Printing or duplication for any other reason is strictly prohibited.
- Print the desired pages. Color mode works best on color printers, or B&W printers capable of 600dpi minimum (1200dpi recommended). B&W mode is recommended for B&W inkjets and all laser printers.

It may be necessary to adjust the page orientation in your print setup—the default download is formatted for *portrait* mode, while custom downloads are formatted for *landscape* mode.

When printing in color on an inkjet printer, *best quality* is recommended. Color settings can also affect the quality of the printing—*application-managed* colors often better preserve colors, if your print settings offer that feature.

PAPER STOCK

- 65 or 67lb cover stock is typically the best choice, but 90lb is even more durable if your printer can manage it—most inkjets can, but only high-end laser printers can support such heavy paper.
- *Glossy photo paper* produces the best color on inkjet printers and is typically pretty durable. 20 to 24lb paper will also suffice in a pinch, but is not as rugged.
- The printer's *manual feed* may be required for heavier paper weights.
- If using glue, be sure not to use too much, as this can warp the paper.

STAND-UP FIGURE ASSEMBLY

- Cut out the desired miniatures along the outer lines (see *Sample A1*).
- If you intend to slide the miniature into a plastic base, make one fold along its center line (see *Sample B1*). Then just slide its bottom edge into the base (see *Sample C1*).
- If you intend to use glue or tape to assemble the miniature, fold along its three interior lines (see *Sample B2*). Then glue or tape the miniature's small, bottom tabs together, or you can even use a paper clip to secure them (see *Sample C2*).

3-SIDED STAND-UP FIGURE ASSEMBLY

- Cut out the desired miniatures along the outer lines (see *Sample A2*).
- Fold along its three interior lines (see *Sample B3*). Then glue or tape the miniature's small, side tab, connecting the two mirrored image sides (see *Sample C3*).

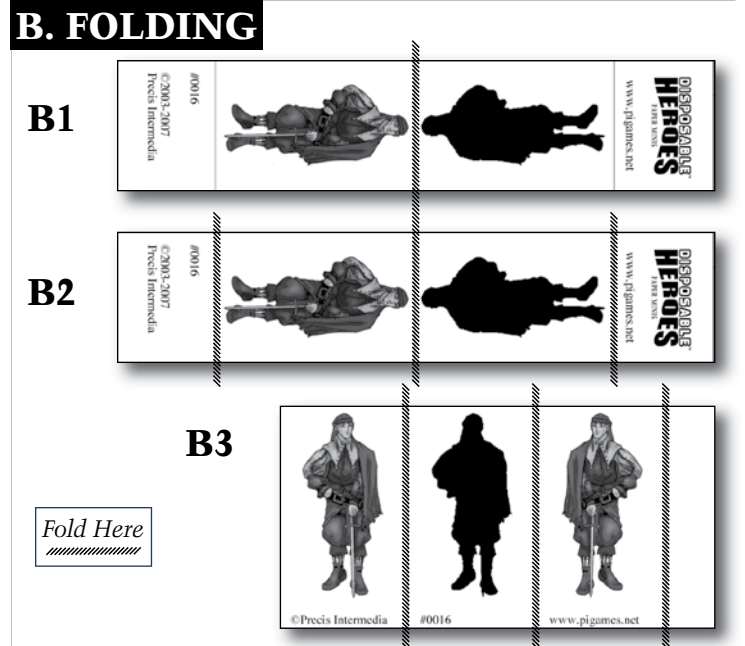

FLAT COUNTER ASSEMBLY

- Cut out the desired counters along the outer lines (see *Sample A3*).

A. CUTTING

B. FOLDING

C. SECURING
