NOTES

If you read from this tome, you must succeed on a DC 15 Wisdom saving throw or lose 1d4 sanity points. Completing the entire tome causes you to gain one form of indefinite madness that can't be removed by any means short of a *wish* spell. This book contains memory and logic exercises, and its words are charged with magic. If you spend 48 hours over a period of 6 days or fewer studying the book's contents and practicing its guidelines, your Intelligence score increases by 2, as does your maximum for that score. The manual then loses this property, but regains it in a century. This book also contains a complex ritual that can summon beings from beyond the Outer Planes. The GM determines the exact nature of the ritual.

NOTES

This viscous, milky-white substance can form a permanent adhesive bond between any two objects. It must be stored in a jar or flask that has been coated inside with oil of slipperiness. When found, a container contains 1d6 + 1 ounces. One ounce of the glue can cover a 1-foot square surface. The glue takes 1 minute to set. Once it has done so, the bond it creates can be broken only by the application of universal solvent or oil of etherealness, or with a *wish* spell.
