TAVERNS AND INNS

Over 250 inns and taverns are listed on the following pages. The taverns only serve food and drink; they don't provide rooms. Some inns, however, contain a tavern. These are indicated with an asterisk (*).

Each establishment's name, type, and quality are listed. For inns, the cost of rooms is directly connected to the quality of the establishment. Information about the innkeeper or barkeep includes name, race, gender, age, alignment, and class (if applicable). The number of staff gives a sense of the size of the business.
