L2 THE ASSASSIN'S KNOT

CONVERSION GUIDE

Introduction:

Baron Grellus of Resternford is dead. All clues point to the small town of Garrotten, a day's journey to the south. The sorcerer Pelltar of Restenford has asked you to undertake a secret investigation of the crime. Can you succeed before the murderer strikes again?

This module is different from most other modules—it is a murder MYSTERY. The players will have to assemble the clues you give to discover the murderer and prevent him from carrying out his plans. Because so much of the action depends on what the player characters do, you must pace the events of this module to be both challenging and entertaining. Remember, **ACTIONS LEAD TO REACTIONS**, there is a strong emphasis on character interaction, and the investigation has a definite deadline. Parties who rely only on force should not expect to do well in this adventure.

L2: THE ASSASSIN'S KNOT

The Assassin's Knot is a sequel to The Secret of Bone Hill, picking up on themes from that module and shifts them to a new locale. The player characters must solve the mystery of who killed the Baron of Restenford, with evidence pointing to somebody from the town of Garrotten. The scenario describes the town and its castle.

Introduction

To use this conversion guide you will need a copy of "L2 The Assassin's Knot", originally available in hard-copy and now for sale in Digital format at www.dndclassics.com.

This document gives GMs advice to convert the module to the latest 5th Edition rules and guidance on preparing the adventure. A list of random encounter. Most creatures refer to stat blocks in the D&D 5e Monster Manual or Volo's Guide to Monsters. Unique NPCs, have full stat blocks in the Special Creatures section at the end of this conversion guide.

Page listings may refer to abbreviations: PHB (Player's Handbook, MM (Monster Manual), CR (Challenge rating), VGtM (Volo's Guide to Monsters) XGtE (Xanathar's Guide to Everything) and DMG (Dungeon Master Guide). Magic items are noted in *italics*.

Find more information about this and other early edition conversions at www.classicmodulestoday.com.

Reference Sheet

For convenience, there is a Reference Sheet at the end of this document, which summarizes the key information you will need during the game onto one concise sheet. You can print this onto a single, double-sided page (perhaps on colored cardstock) as a handy tool that you can use alongside a hard copy of the module. After reading this document, all you will need to run the game is the original module, the Monster Manual, Volo's Guide to Monsters, the Reference Sheet, and optionally any notes or visuals you have prepared.

Adventure Summary

Baron Grellus of Restenford is dead. All clues point to Garrotten (Gar RO ten), a small town about 18 miles to the south of Restenford. The party has been secretly contacted in Restenford by the sorcerer Pelltar to find out who murdered the Baron and to bring the murderer to justice. Pelltar really wants to continue his researches in peace, but the death of the Baron threatens the stability of the whole region.

Converting to your campaign

If your campaign is located in the Realms, I recommend placing the Island of Lendore on one of the Islands just south of the Velen peninsula to the west of Tethyr.

In the world of Greyhawk, The Lendore islands are just off the eastern coast of the great kingdom.

GM Notes

Special rules and tactics to brush up on prior to the game:

- This adventure has many magic items and the party has many opportunities buy and sell magic items. I recommend using the Sane Magic Item Prices guide put together by Saidoro. The pdf and discussion can be found at www.reddit.com/r/dndnext.
- Any instance of the spell Clairaudience is to be replaced with the Clairvoyance spell (PHB pg 222)
- Spell casting services: Various NPCs in this adventure will offer spell-casting services for a nominal fee. I have supplied a cost list of common spells below.
- Several NPCs in Garrotten have wild psionic abilities. I have used the concepts and rules presented in the UAMystic v3 supplied by wizards of the coast. I will update this conversion as WoTC updates the Mystic in future publications.
<https://media.wizards.com/2017/dnd/downloads/UAMystic3.pdf>
- The Orcs of this adventure are much more civilized than the Orcs from the 5e monster manual. Treat all Orcs and half-orcs in the adventure as Hobgoblins (MM pg 186)
