Cognizance Crystal (3)

Taken from Creeland's body, this blue crystal can store 3 power points. The user must merely hold or have a crystal on her person for a period of at least 10 minutes (which is long enough to attune oneself to the crystal). Thereafter, the owner can use power points stored in the crystal to manifest powers she knows. The user can recharge it by paying power points on a 1-for-1 basis. While doing this depletes the user's own power point reserve for the day, those power points remain available in the cognizance crystal until used. This is an illegal magical item according to the College of Magic, and if discovered will be confiscated.
