# MAGIC ITEMS

This section collects the magic items referenced in the *Hoard of the Dragon Queen* adventure. For the rules governing magic item use, such as rarity and attunement, see the Dungeon Master's D&D basic rules, which are available at [DungeonsandDragons.com](http://DungeonsandDragons.com) in mid-August.

For spells referenced by magic items in the adventure (including spell scrolls), see the "Spells" section of this supplement and the D&D basic rules.

## +1 ARMOR

*Armor (any), rare*

While you wear this armor, you have a +1 bonus to AC.

## +1 WEAPON

*Weapon (any), uncommon*

You have a +1 bonus to attack rolls and damage rolls for attacks you make with this magic weapon.

## ARROW-CATCHING SHIELD

*Armor (shield), rare, requires attunement*

While wielding this shield, you have a +1 bonus to AC against ranged attacks. In addition, whenever a creature makes a ranged weapon attack against a target within 5 feet of you, you can use a reaction to become the target of the attack.

## BAG OF HOLDING

*Wondrous item, uncommon*

This cloth sack, roughly 2 feet in diameter at the mouth and 4 feet deep, has an interior space considerably larger than its outside dimensions. The bag can hold up to 500 pounds, not exceeding a volume of 64 cubic feet. The bag weighs 15 pounds, regardless of its contents.

Placing an object in the bag follows the normal rules for interacting with objects. Retrieving an item from the bag requires you to use an action.

The bag has a few limitations. If the bag is overloaded, or if a sharp object pierces it or tears it, the bag ruptures and is destroyed. If the bag is destroyed, its contents are lost forever, although an artifact always turns up again somewhere. If the bag is turned inside out, its contents spill forth, unharmed, but the bag must be put right before it can be used again. If a breathing creature is placed within the bag, the creature can survive for up to 10 minutes, after which time it begins to suffocate.

**Secret.** Placing a *bag of holding* inside a *portable hole* opens a momentary gate to the Astral Plane. Any creatures within a 10-foot radius of the gate are drawn to the Astral Plane, the gate closes, and the *portable hole* and *bag of holding* are destroyed.

If a *portable hole* is placed into a *bag of holding*, a similar gate appears. However, it leads to a random plane of existence.

## WORK IN PROGRESS!

This information from the *Dungeon Master's Guide* represents in-progress versions of the rules in that book. Updated information will appear in future versions of the D&D basic rules.

## BRACERS OF DEFENSE

*Wondrous item, rare, requires attunement*

While you wear these bracers, you have a +3 bonus to your AC while you wear no armor and use no shield.

## DAGGER OF VENOM

*Weapon (dagger), rare*

You have a +1 bonus to attack rolls and damage rolls for attacks you make with this magic weapon. If you apply poison to the dagger, other than its own poison, its saving throw DC increases by 2.

Once per day, you can use an action to cause thick, black poison to coat the blade. The poison remains for 1 minute or until you hit with an attack using this weapon. When you hit a creature with the poisoned dagger, the target must make a DC 15 Constitution saving throw. On a failed save, the target becomes poisoned for 1 minute and takes 2d10 poison damage.

## POTION OF GASEOUS FORM

*Potion, rare*

This potion's container seems to hold fog that moves and pours like water.

When you drink this potion, it casts the *gaseous form* spell on you. The effect lasts for 1 hour or until you take a bonus action to end it.

## POTION OF HEALING

*Potion, common*

This liquid is red, but it briefly glimmers with light as it is agitated.

When you drink this potion, you regain 2d4 + 2 hit points.

## POTION OF GREATER HEALING

*Potion, uncommon*

With the slightest agitation, this red liquid briefly blazes with bright light.

When you drink this potion, you regain 4d4 + 4 hit points.

## OIL OF ETHEREALNESS

*Potion, rare*

Beads of this cloudy gray oil form on the outside of its container and seem to quickly evaporate.

A dose is enough oil to cover a Medium creature and the equipment it wears and carries, which takes 10 minutes. Once the oil is applied, the affected creature travels to the border regions of the Ethereal Plane for 1 hour.

## SPELL SCROLL

*Scroll, varies*

See the “Spells” section of this supplement for information on spell scrolls found in the adventure.

## STAFF OF FIRE

*Staff, very rare, requires attunement*

You must be a bard, sorcerer, warlock, or wizard to become attuned to this staff.

While you hold this staff, you have resistance to fire damage. In addition, you can use an action to expend some of the staff's 10 charges to cast one of the following spells without using any components, using your spell save DC: *burning hands* (1 charge), *fireball* (3 charges), or *wall of fire* (4 charges)

The staff regains 1d6 + 4 expended charges each day at dawn. However, if you expend the last charge, roll a d20. On a 1, the staff blackens, crumbles into cinders, and is destroyed.

# MONSTERS

The section collects the stat blocks for those monsters referenced in the *Hoard of the Dragon Queen* adventure, excluding those found in that adventure's appendix.

For more information on monsters and how to read a monster's statistics, see the D&D basic rules or the *Monster Manual*.

On a failure, a target takes 15 (3d8 + 2) bludgeoning damage and is flung up 20 feet away from the elemental in a random direction and knocked prone. If a thrown target strikes an object, such as a wall or floor, the target takes 3 (1d6) bludgeoning damage for every 10 feet it was thrown. If the target is thrown at another creature, that creature must succeed on a DC 13 Dexterity saving throw or take the same damage and be knocked prone.

**Sneak Attack (1/Turn).** The assassin deals an extra 13 (4d6) damage when it hits a target with a weapon attack and has advantage on the attack roll, or when the target is within 5 feet of an ally of the assassin that isn't incapacitated and the assassin doesn't have disadvantage on the attack roll.

### CUSTOMIZING NPCs

This appendix contains statistics for various humanoid nonplayer characters (NPCs) from the *Hoard of the Dragon Queen* adventure. These stat blocks can be used to represent both human and nonhuman NPCs, and can be customized as you see fit.

**Racial Traits.** You can add racial traits to an NPC. For example, a halfling druid might have a speed of 25 feet and the Lucky trait. Adding racial traits to an NPC doesn't alter its challenge rating. For more on racial traits, see the *Player's Handbook* or the D&D basic rules.

**Spell Swaps.** One way to customize an NPC spellcaster is to replace one or more of its spells. You can substitute any spell on the NPC's spell list with a different spell of the same level from the same spell list. Swapping spells in this manner doesn't alter an NPC's challenge rating.

**Armor and Weapon Swaps.** You can upgrade or downgrade an NPC's armor, or add or switch weapons. Adjustments to Armor Class and damage can change an NPC's challenge rating, as explained in the *Dungeon Master's Guide*.

**Magic Items.** The more powerful an NPC, the more likely it has one or more magic items in its possession. An archmage, for example, might have a magic staff or wand, as well as one or more potions and scrolls. Giving an NPC a potent damage-dealing magic item could alter its challenge rating. Magic items, as well as adjusting a creature's challenge rating, are described in the *Dungeon Master's Guide*.

## ACTIONS

**Shortsword.** *Melee Weapon Attack:* +7 to hit, reach 5 ft., one target. *Hit:* 6 (1d6 + 3) piercing damage, and the target must make a DC 15 Constitution saving throw, taking 24 (7d6) poison damage on a failed save, or half as much damage on a successful one.

**Damage Resistances** necrotic; bludgeoning, piercing, and slashing from nonmagical weapons

**Senses** darkvision 120 ft., passive Perception 17

**Languages** the languages it knew in life

**Challenge** 13 (10,000 XP)

**Shapechanger.** If the vampire isn't in sunlight or running water, it can use its action to polymorph into a Tiny bat or a Medium cloud of mist, or back into its true form.

While in bat form, the vampire can't speak, its walking speed is 5 feet, and it has a flying speed of 30 feet. Its statistics, other than its size and speed, are unchanged. Anything it is wearing transforms with it, but nothing it is carrying does. It reverts to its true form if it dies.

While in mist form, the vampire can't take any actions, speak, or manipulate objects. It is weightless, has a flying speed of 20 feet, can hover, and can enter a hostile creature's space and stop there. In addition, if air can pass through a space, the mist can do so without squeezing, and it can't pass through water. It has advantage on Strength, Dexterity, and Constitution saving throws, and it is immune to all nonmagical damage, except the damage it takes from sunlight.

**Legendary Resistance (3/Day).** If the vampire fails a saving throw, it can choose to succeed instead.

**Misty Escape.** When it drops to 0 hit points outside its resting place, the vampire transforms into a cloud of mist (as in the Shapechanger trait) instead of falling unconscious, provided that it isn't in sunlight or running water. If it can't transform, it is destroyed.

While it has 0 hit points in mist form, it can't revert to its vampire form, and it must reach its resting place within 2 hours or be destroyed. Once in its resting place, it reverts to its vampire form. It is then paralyzed until it regains at least 1 hit point. After spending 1 hour in its resting place with 0 hit points, it regains 1 hit point.

**Regeneration.** The vampire regains 20 hit points at the start of its turn if it has at least 1 hit point and isn't in sunlight or running water. If the vampire takes radiant damage or damage from holy water, this trait doesn't function at the start of the vampire's next turn.

**Spider Climb.** The vampire can climb difficult surfaces, including upside down on ceilings, without needing to make an ability check.

**Vampire Weaknesses.** The vampire has the following flaws:

**Forbiddance.** The vampire can't enter a residence without an invitation from one of the occupants.

**Harmed by Running Water.** The vampire takes 20 acid damage if it ends its turn in running water.

**Stake to the Heart.** If a piercing weapon made of wood is driven into the vampire's heart while the vampire is

incapacitated in its resting place, the vampire is paralyzed until the stake is removed.

**Sunlight Hypersensitivity.** The vampire takes 20 radiant damage when it starts its turn in sunlight. While in sunlight, it has disadvantage on attack rolls and ability checks.

## ACTIONS

**Multiattack (Vampire Form Only).** The vampire makes two attacks, only one of which can be a bite attack.

**Unarmed Strike (Vampire Form Only).** *Melee Weapon Attack:* +9 to hit, reach 5 ft., one creature. *Hit:* 8 (1d8 + 4) bludgeoning damage. Instead of dealing damage, the vampire can grapple the target (escape DC 18).

**Bite (Bat or Vampire Form Only).** *Melee Weapon Attack:* +9 to hit, reach 5 ft., one willing creature, or a creature that is grappled by the vampire, incapacitated, or restrained. *Hit:* 7 (1d6 + 4) piercing damage plus 10 (3d6) necrotic damage. The target's hit point maximum is reduced by an amount equal to the necrotic damage taken, and the vampire regains hit points equal to that amount. The reduction lasts until the target finishes a long rest. The target dies if this effect reduces its hit point maximum to 0. A humanoid slain in this way and then buried in the ground rises the following night as a vampire spawn under the vampire's control.

**Charm.** The vampire targets one humanoid it can see within 30 feet of it. If the target can see the vampire, the target must succeed on a DC 17 Wisdom saving throw against this magic or be charmed by the vampire. The charmed target regards the vampire as a trusted friend to be heeded and protected. Although the target isn't under the vampire's control, it takes the vampire's requests or actions in the most favorable way it can, and it is a willing target for the vampire's bite attack.

Each time the vampire or the vampire's companions do anything harmful to the target, it can repeat the saving throw, ending the effect on itself on a success. Otherwise, the effect lasts 24 hours or until the vampire is destroyed, is on a different plane of existence than the target, or takes a bonus action to end the effect.

**Children of the Night (1/Day).** The vampire magically calls 2d4 swarms of bats or rats, provided that the sun isn't up. While outdoors, the vampire can call 3d6 wolves instead. The called creatures arrive in 1d4 rounds, acting as allies of the vampire and obeying its spoken commands. The beasts remain for 1 hour, until the vampire dies, or until the vampire dismisses them as a bonus action.

## LEGENDARY ACTIONS

The vampire can take 3 legendary actions, choosing from the options below. Only one legendary action option can be used at a time and only at the end of another creature's turn. The vampire regains spent legendary actions at the start of its turn.

**Move.** The vampire moves up to its speed without provoking opportunity attacks.

**Unarmed Strike.** The vampire makes one unarmed strike.

**Bite (Costs 2 Actions).** The vampire makes one bite attack.

# SPELLS

This section collects the spells referenced in the *Hoard of the Dragon Queen* adventure, excluding those already available in the D&D basic rules. This includes spells mentioned in monster stat blocks (both in the adventure appendix and this supplement) and spells referred to by magic items in the adventure.

For the rules governing magic and spellcasting, see the D&D basic rules or the *Player's Handbook*.

## ANIMAL FRIENDSHIP

*1st-level enchantment*

**Casting Time:** 1 action

**Range:** 30 feet

**Components:** V, S, M (a morsel of food)

**Duration:** 24 hours

This spell lets you convince a beast that you mean it no harm. Choose a beast that you can see within range. It must see and hear you. If the beast's Intelligence is 4 or higher, the spell fails. Otherwise, the beast must succeed on a Wisdom saving throw or be charmed by you for the spell's duration. If you or one of your companions harms the target, the spells ends.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, you can affect one additional beast for each slot level above 1st.

## ANTIMAGIC SHELL

Where this spell is referenced for possible player use in the adventure, see the *antimagic field* spell in the *Player's Handbook*.

## BARKSKIN

*2nd-level transmutation*

**Casting Time:** 1 action

**Range:** Touch

**Components:** V, S, M (a handful of oak bark)

**Duration:** Concentration, up to 1 hour

You touch a willing creature. Until the spell ends, the target's skin has a rough, bark-like appearance, and the target's AC can't be less than 16, regardless of what kind of armor it is wearing.

## BEAST SENSE

*2nd-level divination (ritual)*

**Casting Time:** 1 action

**Range:** Touch

**Components:** S

**Duration:** Concentration, up to 1 hour

You touch a willing beast. For the duration of the spell, you can use your action to see through the beast's eyes and hear what it hears, and continue to do so until you use your action to return to your normal senses. While perceiving through the beast's senses, you gain the benefits of any special senses possessed by that creature, though you are blinded and deafened to your own surroundings.

## BLINDNESS/DEAFNESS

*2nd-level necromancy*

**Casting Time:** 1 action

**Range:** 30 feet

**Components:** V

**Duration:** 1 minute

You can blind or deafen a foe. Choose one creature that you can see within range to make a Constitution saving throw. If it fails, the target is either blinded or deafened (your choice) for the duration. At the end of each of its turns, the target can make a Constitution saving throw. On a success, the spell ends.

**At Higher Levels.** When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd.

## CALM EMOTIONS

*2nd-level enchantment*

**Casting Time:** 1 action

**Range:** 60 feet

**Components:** V, S

**Duration:** Concentration, up to 1 minute

You attempt to suppress strong emotions in a group of people. Each humanoid in a 20-foot-radius sphere centered on a point you choose within range must make a Charisma saving throw; a creature can choose to fail this saving throw if it wishes. If a creature fails its saving throw, choose one of the following two effects.

You can suppress any effect causing a target to be charmed or frightened. When this spell ends, any suppressed effect resumes, provided that its duration has not expired in the meantime.

Alternatively, you can make a target indifferent about creatures of your choice that it is hostile toward. This indifference ends if the target is attacked or harmed by a spell or if it witnesses any of its friends being harmed. When the spell ends, the creature becomes hostile again, unless the DM rules otherwise.

## CHROMATIC ORB

*1st-level evocation*

**Casting Time:** 1 action

**Range:** 90 feet

**Components:** V, S, M (a diamond worth at least 50 gp)

**Duration:** Instantaneous

You hurl a 4-inch-diameter sphere of energy at a creature that you can see within range. You choose acid, cold, fire, lightning, poison, or thunder for the type of orb you create, and then make a ranged spell attack against the target. If the attack hits, the creature takes 3d8 damage of the type you chose.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d8 for each slot level above 1st.

## COLOR SPRAY

*1st-level illusion*

**Casting Time:** 1 action

**Range:** Self (15-foot cone)

**Components:** V, S, M (a pinch of powder or sand that is colored red, yellow, and blue)

**Duration:** 1 round

A dazzling array of flashing, colored light springs from your hand. Roll 6d10; the total is how many hit points of creatures this spell can effect. Creatures in a 15-foot cone originating from you are affected in ascending order of their current hit points (ignoring unconscious creatures and creatures that can't see).

Starting with the creature that has the lowest current hit points, each creature affected by this spell is blinded until the spell ends. Subtract each creature's hit points from the total before moving on to the creature with the next lowest hit points. A creature's hit points must be equal to or less than the remaining total for that creature to be affected.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, roll an additional 2d10 for each slot level above 1st.

## CONFUSION

*4th-level enchantment*

**Casting Time:** 1 action

**Range:** 90 feet

**Components:** V, S, M (three nut shells)

**Duration:** Concentration, up to 1 minute

This spell assaults and twists creatures' minds, spawning delusions and provoking uncontrolled action. Each creature in a 10-foot-radius sphere centered on a point you choose within range must succeed on a Wisdom saving throw when you cast this spell or be affected by it.

An affected target can't take reactions and must roll a d10 at the start of each of its turns to determine its behavior for that turn.

### d10 Behavior

- |      |   |
|------|---|
| 1    | The creature uses all its movement to move in a random direction. To determine the direction, roll a d8 and assign a direction to each die face. The creature doesn't take an action this turn. |
| 2–6  | The creature doesn't move or take actions this turn.  |
| 7–8  | The creature uses its action to make a melee attack against a randomly determined creature within its reach. If there is no creature within its reach, the creature does nothing this turn.     |
| 9–10 | The creature can act and move normally.   |

At the end of each of its turns, an affected target can make a Wisdom saving throw. If it succeeds, this effect ends for that target.

**At Higher Levels.** When you cast this spell using a spell slot of 5th level or higher, the radius of the sphere increases by 5 feet for each slot level above 4th.

## COUNTERSPELL

*3rd-level abjuration*

**Casting Time:** 1 reaction, which you take when you see a creature within 60 feet of you casting a spell

**Range:** 60 feet

**Components:** S

**Duration:** Instantaneous

You attempt to interrupt a creature in the process of casting a spell. If the creature is casting a spell of 3rd level or lower, its spell fails and has no effect. If it is casting a spell of 4th level or higher, make an ability check using your spellcasting ability. The DC equals 10 + the spell's level. On a success, the creature's spell fails and has no effect.

**At Higher Levels.** When you cast this spell using a spell slot of 4th level or higher, the interrupted spell has no effect if its level is less than or equal to the level of the spell slot you used.

## DAYLIGHT

*3rd-level evocation*

**Casting Time:** 1 action

**Range:** 60 feet

**Components:** V, S

**Duration:** 1 hour

A 60-foot-radius sphere of light spreads out from a point you choose within range. The sphere is bright light and sheds dim light for an additional 60 feet.

If you chose a point on an object you are holding or one that isn't being worn or carried, the light shines from the object and moves with it. Completely covering the affected object with an opaque object, such as a bowl or a helm, blocks the light.

If any of this spell's area overlaps with an area of darkness created by a spell of 3rd level or lower, the spell that created the darkness is dispelled.

## DETECT EVIL AND GOOD

*1st-level divination*

**Casting Time:** 1 action

**Range:** Self

**Components:** V, S

**Duration:** Concentration, up to 10 minutes

For the duration, you know if there is an aberration, celestial, elemental, fey, fiend, or undead within 30 feet of you, as well as where the creature is located. Similarly, you know if there is a place or object within 30 feet of you that has been magically consecrated or desecrated.

The spell can penetrate most barriers, but it is blocked by 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt.

## DETECT THOUGHTS

*2nd-level divination*

**Casting Time:** 1 action

**Range:** Self

**Components:** V, S, M (a copper piece)

**Duration:** Concentration, up to 1 minute

For the duration, you can read the thoughts of certain creatures. When you cast the spell and as your action on each turn until the spell ends, you can focus your mind on any one creature that you can see within 30 feet of you. If the creature you choose has an Intelligence of 3 or lower or doesn't speak any language, the creature is unaffected.

You initially learn the surface thoughts of the creature—what is most on its mind in that moment. As an action, you can either shift your attention to another creature's thoughts or attempt to probe deeper into the same creature's mind. If you probe deeper, the target must make a Wisdom saving throw. If it fails, you gain insight into its reasoning (if any), its emotional state, and something that looms large in its mind (such as something it worries over, loves, or hates). If it succeeds, the spell ends. Either way, the target knows that you are probing into its mind, and unless you shift your attention to another creature's thoughts, the creature can use its action on its turn to make an Intelligence check contested by your Intelligence check; if it succeeds, the spell ends.

Questions verbally directed at the target creature naturally shape the course of its thoughts, so this spell is particularly effective as part of an interrogation.

You can also use this spell to detect the presence of thinking creatures you can't see. When you cast the spell or as your action during the duration, you can search for thoughts within 30 feet of you. The spell can penetrate barriers, but 2 feet of rock, 2 inches of any metal other than lead, or a thin sheet of lead blocks you. You can't detect a creature with an Intelligence of 3 or lower or one that doesn't speak any language.

Once you detect the presence of a creature in this way, you can read its thoughts for the rest of the duration as described above, even if you can't see it, but it must still be within range.

## DISGUISE SELF

*1st-level illusion*

**Casting Time:** 1 action

**Range:** Self

**Components:** V, S

**Duration:** 1 hour

You make yourself—including your clothing, armor, weapons, and other belongings on your person—look different until the spell ends or until you use your action to dismiss it. You can seem 1 foot shorter or taller and can appear thin, fat, or in between. You can't change your body type, so you must adopt a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you.

The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to your outfit, objects pass through the hat,

and anyone who touches it would feel nothing or would feel your head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair.

To discern that you are disguised, a creature can use its action to inspect your appearance and must succeed on an Intelligence (Investigation) check against your spell save DC.

## DRUIDCRAFT

*Transmutation cantrip*

**Casting Time:** 1 action

**Range:** 30 feet

**Components:** V, S

**Duration:** Instantaneous

Whispering to the spirits of nature, you create one of the following effects within range:

- You create a tiny, harmless sensory effect that predicts what the weather will be at your location for the next 24 hours. The effect might manifest as a golden orb for clear skies, a cloud for rain, falling snowflakes for snow, and so on. This effect persists for 1 round.
- You instantly make a flower blossom, a seed pod open, or a leaf bud bloom.
- You create an instantaneous, harmless sensory effect, such as falling leaves, a puff of wind, the sound of a small animal, or the faint odor of skunk. The effect must fit in a 5-foot cube.
- You instantly light or snuff out a candle, a torch, or a small campfire.

## ENTANGLE

*1st-level conjuration*

**Casting Time:** 1 action

**Range:** 90 feet

**Components:** V, S

**Duration:** Concentration, up to 1 minute

Grasping weeds and vines sprout from the ground in a 20-foot square starting from a point within range. For the duration, these plants turn the ground in the area into difficult terrain.

A creature in the area when you cast the spell must succeed on a Strength saving throw or be restrained by the entangling plants until the spell ends. A creature restrained by the plants can use its action to make a Strength check against your spell save DC. On a success, it frees itself.

When the spell ends, the conjured plants wilt away.

## EVARD'S BLACK TENTACLES

*4th-level conjuration*

**Casting Time:** 1 action

**Range:** 90 feet

**Components:** V, S, M (a piece of tentacle from a giant octopus or a giant squid)

**Duration:** Concentration, up to 1 minute

Squirming, ebony tentacles fill a 20-foot square on ground that you can see within range. For the duration,

these tentacles turn the ground in the area into difficult terrain.

When a creature enters the affected area for the first time on a turn or starts its turn there, the creature must succeed on a Dexterity saving throw or take 3d6 bludgeoning damage and be restrained by the tentacles until the spell ends. A creature that starts its turn in the area and is already restrained by the tentacles takes 3d6 bludgeoning damage.

A creature restrained by the tentacles can use its action to make a Strength or Dexterity check (its choice) against your spell save DC. On a success, it frees itself.

### FEATHER FALL

*1st-level transmutation*

**Casting Time:** 1 reaction, which you take when you or a creature within 60 feet of you falls

**Range:** 60 feet

**Components:** V, M (a small feather or piece of down)

**Duration:** 1 minute

Choose up to five falling creatures within range. A falling creature's rate of descent slows to 60 feet per round until the spell ends. If the creature lands before the spell ends, it takes no falling damage and can land on its feet, and the spell ends for that creature.

### FOG CLOUD

*1st-level conjuration*

**Casting Time:** 1 action

**Range:** 120 feet

**Components:** V, S

**Duration:** Concentration, up to 1 hour

You create a 20-foot-radius sphere of fog centered on a point within range. The sphere spreads around corners, and its area is heavily obscured. It lasts for the duration or until a wind of moderate or greater speed (at least 10 miles per hour) disperses it.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, the radius of the fog increases by 20 feet for each slot level above 1st.

### GASEOUS FORM

*3rd-level transmutation*

**Casting Time:** 1 action

**Range:** Touch

**Components:** V, S, M (a bit of gauze and a wisp of smoke)

**Duration:** Concentration, up to 1 hour

You transform a willing creature you touch, along with everything it's wearing and carrying, into a misty cloud for the duration. The spell ends if the creature drops to 0 hit points. An incorporeal creature isn't affected.

While in this form, the target's only method of movement is a flying speed of 10 feet. The target can enter and occupy the space of another creature. The target has resistance to nonmagical damage, and it has advantage on Strength, Dexterity, and Constitution saving throws. The target can pass through small holes, narrow openings, and even mere cracks, though it treats liquids as though they were solid surfaces. The target

can't fall and remains hovering in the air even when stunned or otherwise incapacitated.

While in the form of a misty cloud, the target can't talk or manipulate objects, and any objects it was carrying or holding can't be dropped, used, or otherwise interacted with. The target can't attack or cast spells.

### GUST OF WIND

*2nd-level evocation*

**Casting Time:** 1 action

**Range:** Self (60-foot line)

**Components:** V, S, M (a legume seed)

**Duration:** Concentration, up to 1 minute

A line of strong wind 60 feet long and 10 feet wide blasts from you in a direction you choose for the spell's duration. Each creature that starts its turn in the line must succeed on a Strength saving throw or be pushed 15 feet away from you in a direction following the line.

Any creature in the line must spend 2 feet of movement for every 1 foot it moves when moving closer to you.

The gust disperses gas or vapor, and it extinguishes candles, torches, and similar unprotected flames in the area. It causes protected flames, such as those of lanterns, to dance wildly and has a 50 percent chance to extinguish them.

As a bonus action on each of your turns before the spell ends, you can change the direction in which the line blasts from you.

### INSECT PLAGUE

*5th-level conjuration*

**Casting Time:** 1 action

**Range:** 300 feet

**Components:** V, S, M (a few grains of sugar, some kernels of grain, and a smear of fat)

**Duration:** Concentration, up to 10 minutes

Swarming, biting locusts fill a 20-foot-radius sphere centered on a point you choose within range. The sphere spreads around corners. The sphere remains for the duration, and its area is lightly obscured. The sphere's area is difficult terrain.

When the area appears, each creature in it must make a Constitution saving throw. A creature takes 4d10 piercing damage on a failed save, or half as much damage on a successful one. A creature must also make this saving throw when it enters the spell's area for the first time on a turn or ends its turn there.

**At Higher Levels.** When you cast this spell using a spell slot of 6th level or higher, the damage increases by 1d10 for each slot level above 5th.

### LONGSTRIDER

*1st-level transmutation*

**Casting Time:** 1 action

**Range:** Touch

**Components:** V, S, M (a pinch of dirt)

**Duration:** 1 hour

You touch a creature. The target's speed increases by 10 feet until the spell ends.

**At Higher Levels.** When you cast this spell using a spell slot of 2nd level or higher, you can target one additional creature for each slot level above 1st.

### MIRROR IMAGE

*2nd-level illusion*

**Casting Time:** 1 action

**Range:** Self

**Components:** V, S

**Duration:** 1 minute

Three illusory duplicates of yourself appear in your space. Until the spell ends, the duplicates move with you and mimic your actions, shifting position so it's impossible to track which image is real. You can use your action to dismiss the illusory duplicates.

Each time a creature targets you with an attack during the spell's duration, roll a d20 to determine whether the attack instead targets one of your duplicates.

If you have three duplicates, you must roll a 6 or higher to change the attack's target to a duplicate. With two duplicates, you must roll an 8 or higher. With one duplicate, you must roll an 11 or higher.

A duplicate's AC equals 10 + your Dexterity modifier. If an attack hits a duplicate, the duplicate is destroyed. A duplicate can be destroyed only by an attack that hits it. It ignores all other damage and effects. The spell ends when all three duplicates are destroyed.

A creature is unaffected by this spell if it can't see, if it relies on senses other than sight, such as blindsight, or if it can perceive illusions as false, as with truesight.

### MISLEAD

*5th-level illusion*

**Casting Time:** 1 action

**Range:** Self

**Components:** S

**Duration:** Concentration, up to 1 hour

You become invisible at the same time that an illusory double of you appears where you are standing. The double lasts for the duration, but the invisibility ends if you attack or cast a spell.

You can use your action to move your illusory double up to twice your speed and make it gesture, speak, and behave in whatever way you choose.

You can see through its eyes and hear through its ears as if you were located where it is. On each of your turns as a bonus action, you can switch from using its senses to using your own, or back again. While you are using its senses, you are blinded and deafened in regard to your own surroundings.

### PHANTASMAL FORCE

*2nd-level illusion*

**Casting Time:** 1 action

**Range:** 60 feet

**Components:** V, S, M (a bit of fleece)

**Duration:** Concentration, up to 1 minute

You craft an illusion that takes root in the mind of a creature that you can see within range. The target must make an Intelligence saving throw. On a failed save, you create a phantasmal object, creature, or other visible phenomenon of your choice that is no larger than a 10-foot cube and that is perceivable only to the target for the duration. This spell has no effect on undead or constructs.

The phantasm includes sound, temperature, and other stimuli, also evident only to the creature.

The target can use its action to examine the phantasm with an Intelligence (Investigation) check against your spell save DC. If the check succeeds, the target realizes that the phantasm is an illusion, and the spell ends.

While a target is affected by the spell, the target treats the phantasm as if it were real. The target rationalizes any illogical outcomes from interacting with the phantasm. For example, a target attempting to walk across a phantasmal bridge that spans a chasm falls once it steps onto the bridge. If the target survives the fall, it still believes that the bridge exists and comes up with some other explanation for its fall—it was pushed, it slipped, or a strong wind might have knocked it off.

An affected target is so convinced of the phantasm's reality that it can even take damage from the illusion. A phantasm created to appear as a creature can attack the target. Similarly, a phantasm created to appear as fire, a pool of acid, or lava can burn the target. Each round on your turn, the phantasm can deal 1d6 psychic damage to the target if it is in the phantasm's area or within 5 feet of the phantasm, provided that the illusion is of a creature or hazard that could logically deal damage, such as by attacking. The target perceives the damage as a type appropriate to the illusion.

### PLANT GROWTH

*3rd-level transmutation*

**Casting Time:** 1 action or 8 hours

**Range:** 150 feet

**Components:** V, S

**Duration:** Instantaneous

This spell channels vitality into plants within a specific area. There are two possible uses for the spell, granting either immediate or long-term benefits.

If you cast this spell using 1 action, choose a point within range. All normal plants in a 100-foot radius centered on that point become thick and overgrown. A creature moving through the area must spend 4 feet of movement for every 1 foot it moves.

You can exclude one or more areas of any size within the spell's area from being affected.

If you cast this spell over 8 hours, you enrich the land. All plants in a half-mile radius centered on a point within range become enriched for 1 year. The plants yield twice the normal amount of food when harvested.

## POISON CLOUD

Where this spell is referenced in Pharblex Spattergoo's stat block, see the *poison spray* spell, below.

## POISON SPRAY

*Conjuration cantrip*

**Casting Time:** 1 action

**Range:** 10 feet

**Components:** V, S

**Duration:** Instantaneous

You extend your hand toward a creature you can see within range and project a puff of noxious gas from your palm. The creature must succeed on a Constitution saving throw or take 1d12 poison damage.

This spell's damage increases by 1d12 when you reach 5th level (2d12), 11th level (3d12), and 17th level (4d12).

## SCORCHING RAY

*2nd-level evocation*

**Casting Time:** 1 action

**Range:** 120 feet

**Components:** V, S

**Duration:** Instantaneous

You create three rays of fire and hurl them at targets within range. You can hurl them at one target or several.

Make a ranged spell attack for each ray. On a hit, the target takes 2d6 fire damage.

**At Higher Levels.** When you cast this spell using a spell slot of 3rd level or higher, you create one additional ray for each slot level above 2nd.

## SEEMING

*5th-level illusion*

**Casting Time:** 1 action

**Range:** 30 feet

**Components:** V, S

**Duration:** 8 hours

This spell allows you to change the appearance of any number of creatures that you can see within range. You give each target you choose a new, illusory appearance. An unwilling target can make a Charisma saving throw, and if it succeeds, it is unaffected by this spell.

The spell disguises physical appearance as well as clothing, armor, weapons, and equipment. You can make each creature seem 1 foot shorter or taller and appear thin, fat, or in between. You can't change a target's body type, so you must choose a form that has the same basic arrangement of limbs. Otherwise, the extent of the illusion is up to you. The spell lasts for the duration, unless you use your action to dismiss it sooner.

The changes wrought by this spell fail to hold up to physical inspection. For example, if you use this spell to add a hat to a creature's outfit, objects pass through the hat, and anyone who touches it would feel nothing or would feel the creature's head and hair. If you use this spell to appear thinner than you are, the hand of someone who reaches out to touch you would bump into you while it was seemingly still in midair.

A creature can use its action to inspect a target and make an Intelligence (Investigation) check against your

spell save DC. If it succeeds, it becomes aware that the target is disguised.

## SENDING

*3rd-level evocation*

**Casting Time:** 1 action

**Range:** Unlimited

**Components:** V, S, M (a short piece of fine copper wire)

**Duration:** 1 round

You send a short message of twenty-five words or less to a creature with which you are familiar. The creature hears the message in its mind, recognizes you as the sender if it knows you, and can answer in a like manner immediately. The spell enables creatures with Intelligence scores of at least 1 to understand the meaning of your message.

You can send the message across any distance and even to other planes of existence, but if the target is on a different plane than you, there is a 5 percent chance that the message doesn't arrive.

## SHATTER

*2nd-level evocation*

**Casting Time:** 1 action

**Range:** 60 feet

**Components:** V, S, M (a chip of mica)

**Duration:** Instantaneous

A sudden loud ringing noise, painfully intense, erupts from a point of your choice within range. Each creature in a 10-foot-radius sphere centered on that point must make a Constitution saving throw. A creature takes 3d8 thunder damage on a failed save, or half as much damage on a successful one. A creature made of inorganic material such as stone, crystal, or metal has disadvantage on this saving throw.

A nonmagical object that isn't being worn or carried also takes the damage if it's in the spell's area.

**At Higher Levels.** When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d8 for each slot level above 2nd.

## SLEET STORM

*3rd-level conjuration*

**Casting Time:** 1 action

**Range:** 150 feet

**Components:** V, S, M (a pinch of dust and a few drops of water)

**Duration:** Concentration, up to 1 minute

Until the spell ends, freezing rain and sleet fall in a 20-foot-tall cylinder with a 40-foot radius centered on a point you choose within range. The area is heavily obscured, and exposed flames in the area are doused.

The ground in the area is covered with slick ice, making it difficult terrain. When a creature enters the spell's area for the first time on a turn or starts its turn there, it must make a Dexterity saving throw. On a failed save, it falls prone.

If a creature is concentrating in the spell's area, the creature must make a successful Constitution saving throw against your spell save DC or lose concentration.

## SPIKE GROWTH

*2nd-level transmutation*

**Casting Time:** 1 action

**Range:** 150 feet

**Components:** V, S, M (seven sharp thorns or seven small twigs, each sharpened to a point)

**Duration:** Concentration, up to 10 minutes

The ground in a 20-foot radius centered on a point within range twists and sprouts hard spikes and thorns. The area becomes difficult terrain for the duration. When a creature moves into or within the area, it takes 2d4 piercing damage for every 5 feet it travels.

The transformation of the ground is camouflaged to look natural. Any creature that can't see the area at the time the spell is cast must make a Wisdom (Perception) check against your spell save DC to recognize the terrain as hazardous before entering it.

## WALL OF FIRE

*4th-level evocation*

**Casting Time:** 1 action

**Range:** 120 feet

**Components:** V, S, M (a small piece of phosphorus)

**Duration:** Concentration, up to 1 minute

You create a wall of fire on a solid surface within range. You can make the wall up to 60 feet long, 20 feet high, and 1 foot thick, or a ringed wall up to 20 feet in diameter, 20 feet high, and 1 foot thick. The wall is opaque and lasts for the duration.

When the wall appears, each creature within its area must make a Dexterity saving throw. On a failed save, a creature takes 5d8 fire damage, or half as much damage on a successful save.

One side of the wall, selected by you when you cast this spell, deals 5d8 fire damage to each creature that ends its turn within 10 feet of that side or inside the wall. A creature takes the same damage when it enters the wall for the first time on a turn or ends its turn there. The other side of the wall deals no damage.

**At Higher Levels.** When you cast this spell using a spell slot of 5th level or higher, the damage increases by 1d8 for each slot level above 4th.

## WATER WALK

*3rd-level transmutation (ritual)*

**Casting Time:** 1 action

**Range:** 30 feet

**Components:** V, S, M (a piece of cork)

**Duration:** 1 hour

This spell grants the ability to move across any liquid surface—such as water, acid, mud, snow, quicksand, or lava—as if it were harmless solid ground (creatures crossing molten lava can still take damage from the heat). Up to ten willing creatures you can see within range gain this ability for the duration.

If you target a creature submerged in a liquid, the spell carries the target to the surface of the liquid at a rate of 60 feet per round.
